Aesop[®] *Automated* Healthcare Rostering

Think *Differently*

Aesop's automated healthcare rostering service enables you to:

Cut the cost of hiring agency staff

Control overtime costs

Reduce payroll error by integrating data

Extract real time data to effect change

Manage compliance

Become the hospital of choice *with automated healthcare rostering* >>

You have worked hard to make your organisation the best in leading technology, modern facilities and quality patient care. But even the best healthcare facility can't operate efficiently without attracting and retaining qualified staff.

Aesop, the leading automated healthcare rostering system, uses the phone, web and SMS to automatically fill open shifts and manage the roster. Aesop also provides compliance tracking, real-time reporting on staffing trends, payroll integration and a way to significantly cut your operational costs.

Real Challenges.

Manual rostering does not efficiently fill the roster or provide valuable data.

- *Seeking* to attract and retain qualified nurses
- *Struggling* to control labour costs like overtime and agency usage
- *Trying* to prevent errors in payroll
- *Worrying* about compliance, liability and accreditation
- *Lacking* staffing trend reports for better budget management

Real Solutions.

With Aesop, you get fast, efficient rostering plus a stream of useful data.

- *Fill* shifts automatically through the phone, web and text messaging
- *Cut* costs by managing overtime and using your own employee pool
- *Integrate* your roster with payroll
- *Track* compliance automatically to avoid breaching requirements
- *Gain* access to unlimited standard and customisable reports to analyze trends and manage your budget
